

Product Safety Recall

Jolly Jumper Port-A-Stand Set or Stand Only
Sold through Baby Bunting between July – December 2017

Jolly Jumper Port-A-Stand Set
Sold through Big W between August – October 2017

How to Identify

Batch PO# 674 on stand box under barcode (A)

or

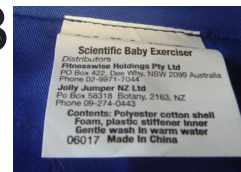

Code # 06017 or 03017 on the blue saddle (B)

A

B

Defect The threaded parts of the locking bolt used to lock the top assembly have the potential to break when too much force is put on the black knob whilst assembling or disassembling the product. The hook used to hold the harness is welded to the frame and only the locking bolt that is used to tighten the frame is affected.

Hazard If the locking bolt breaks during use it may make the stand unstable.

What to do Consumers should stop using the product and contact Jolly Jumper on 02 9971 0470 or 02 9971 7044, or email jolly@fitnesswise.com.au for a replacement "U" section with hook and black knob.
