Sold by Kogan Australia and Dick Smith
between 1 June 2020 and 1 February 2021

Defect These products have some of the features of a stroller, but are unsafe for use as a stroller to transport children as they do not have the safety features required under the mandatory standard 'Consumer Product Safety Standard for Prams and Strollers (Consumer Protection Notice No 8 of 2007, as amended on 14 February 2019)'.

These products are missing safety features and labelling and the locking device can be operated easily by a child.

Hazard The products may cause injury to a child if the product rolls, unlocks or folds in an uncontrolled manner or if the child falls out of the product.

There is also a risk of entanglement in one of the strap loops, which may cause injury.
